REACH Declaration of Conformity

This declaration of conformity (DoC) is issued under the sole responsibility of Poynting Antennas (Pty) Ltd.

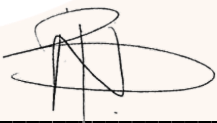

Poynting is a top global provider of integrated antenna solutions, responsible for the innovation, design and manufacture of its market-leading products. Established as a consultancy in 1990, Poynting evolved into an official PTY in 1997 and in 2001 established Poynting Antennas. It caters antenna solutions for primarily wireless high speed data applications, and customer premise equipment applications across consumer, broadcast and telecommunication markets.

We hereby confirm that, Poynting Antenna's products (**all antennas and cables**) and do not contain more than the 0.1% content by weight of any of the chemicals listed in Annex A: Candidate list published by ECHA (European Chemicals Agency) 17 January 2023. We are not required to register with EHCA, as Poynting Antennas does not import more than 1 ton of the said chemicals per year. To the best of our knowledge, we are compliant with the European Union Regulation EC 1907 /2006, titled "Registration, Evaluation and Authorization of Chemicals"(REACH), entered into effect on June 1, 2007. The new regulation was issued to protect human health and the environment by controlling the use of harmful substances within the EU region.

The antennas which we supply are solely non-chemical products, and the content of SVHC (substances of very high concern) is below 0.1%. Poynting Antennas will not release any harmful substances, as defined by REACH under normal and reasonable foreseeable circumstances of application.

Please feel free to contact Ernst Coetzee (Product Manager) or myself if you have any queries.

Signed for and on behalf of Poynting Antennas (Pty) Ltd.

Pearl Ngubane
Quality Assurance Manager
